

DIAL M FOR MASONS

04 May

I have mentioned the link between freemasonry and the androgyne several times before and it brings about the predictable responses: Dismissed by gatekeepers, mocked by those too lazy to research the topic (or even watch/read the many links I have provided in previous blogs) and ignored by the sleepwalkers who follow these EGI (Elite Gender Inversion) freemasons around. It's a topic that is never, ever pushed by the 'truthers' in the 'alternative' media with their donate buttons and merch and PayPals and subscriptions and purples and freemasonic symbolism and this is because many of them are EGI freemasons themselves - just like the EGI freemasons controlling the ridiculous controlled opposition groups that the David Icke Cult and Qtards follow around like lost puppies. The truthers who mention this topic are often banned from various platforms for sharing this information - and I mean proper bans - not fake bans like we see orchestrated all the time from this freemasonic 'truth' community that is absolutely controlled from top to bottom.

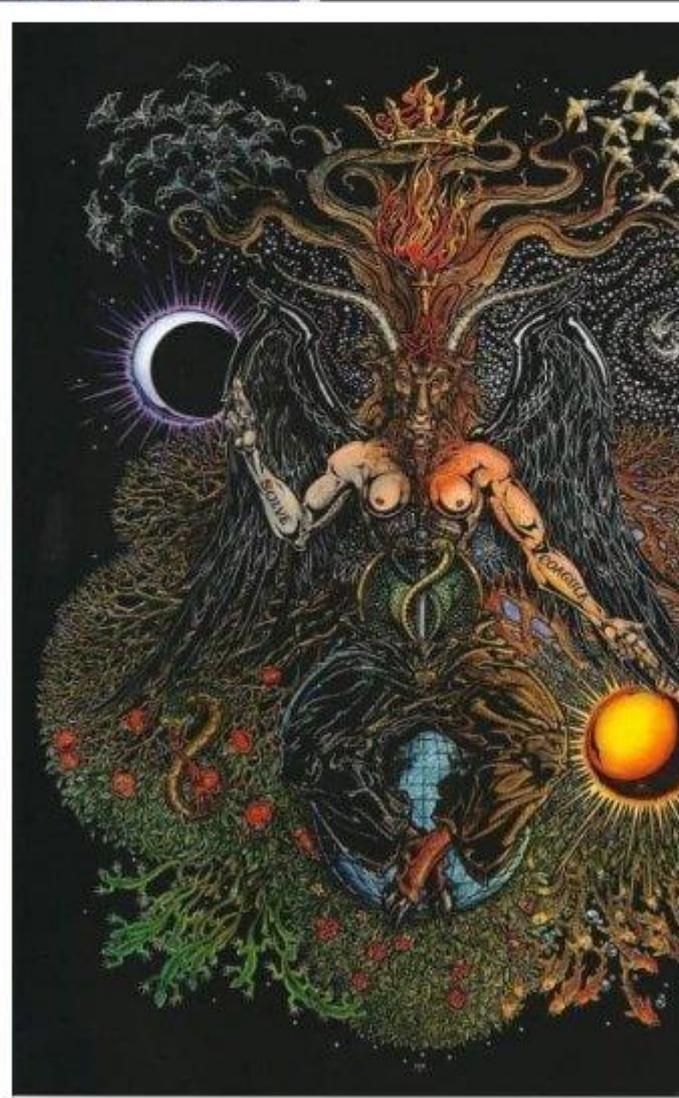

Many supposedly 'awake' people seemingly cannot get their heads around basic human anatomy and the very distinct biological differences between males and females. A lot of this is because they are programmed very deeply still into worshipping false idols, and they are completely drawn to those in the public eye as they don't comprehend what this means. Now, I get that it is not obvious to see all this stuff - I had no clue whatsoever until I followed [@Bevvie112](#) on Twitter last year - but when you choose to dismiss the evidence rather than to research it in order to understand whether it is true or not, to understand the reasons for it and to understand how they do it then you're literally just an ignorant idiot who isn't worth engaging with. These fake awake group followers get annoyed with me for saying this, but it is objective truth - if you dismiss something without researching it first then that is the very epitome of ignorant.

I have left many, many links to many, many videos and websites that explain this and you can find them at the bottom of this blog [here](#) - instead of embarrassing yourselves, please try watching them and you'll learn something far more valuable than the fact that PCR tests that tell people they have a virus, when viruses don't even exist, are faulty - no shit, Sherlock.

This blog will be more pictorial than usual, but I want to start off by explaining the origins of this 'phenomenon'.

The Divine

As I have already explained previously - in a blog specifically about freemasonic, EGI transgenders in the entertainment industry - the reason that these freemasons do this is because they are Luciferians and Lucifer is depicted as androgyne. These are pagans who worship many pagan androgyne gods and we know that freemasonry is all about duality and inversion - their 'god' is androgyne and, therefore, as we are made in God's image, so must they transform themselves into the image of their 'god' - order out of chaos; the phoenix rising from the ashes, reborn - it doesn't take much dot connecting to be honest... and the freemasonic eagle/phoenix has two heads for a reason.

The Alchemical Androgyne, 1750

[from *The Secret Teachings of All Ages* by Manly Hall]

The Divine

We also know that freemasons practice Kabbalah and Kabbalah is all about duality and androgyne gods. The Midrash Rabbah says:

"When the Holy One created Adam (Ha-Rishon) it was androgynous. God created Adam Ha-Rishon double-faced and split him/her so that there were two backs, one on this side and one on the other."

You can read more about Lucifer as an androgyne [here](#), androgyny and alchemy [here](#) the androgyne in Kabbalah [here](#).

This will be part of an ongoing series that I will continue as and when, as there are so many EGI freemasons involved in this so-called 'movement' that exists to keep the fast asleep 'awake' people in their comas - and they do. In this first part, we will be looking at a couple of the establishment families who have somehow duped supposedly awake people into thinking they are fighting the system, a couple of shill doctors, a couple of shill organisers and a few of the grunts at the bottom just to show how far down the pyramid this goes.

First off, let us take a look at the Icke family who have built up a nice little family disinformation/shill business - well, David has - in which they charge their incredibly naive cult following to receive disinformation, MSM nonsense and absolutely no solutions to anything whatsoever. I've already shown why David is a freemason and an agent of the state [here](#) and it absolutely baffles me how his cult refuses to apply the David Icke 'connect the dots' advice when it comes to their literal false idol. The freemasonry aspect is well and truly covered in that previous blog but I will just illustrate a few points.

We can clearly see from the frame above that David is pictured at least four times giving freemasonic handshakes. I have people trying to tell me that this is not evidence of him being a freemason because that is how far gone they are down the cult path. This is pure denial and cognitive dissonance. It is embarrassing.

There is also the very important matter of the sheer amount of disinformation that David spreads which becomes the sort of 'default' babytruth position on many topics and this is why people refuse to wake up to real truth - they think they've found David and hit the goldmine - trust me, you haven't.

David is very clearly an agent and a freemason and this has been exposed many, many times before by many, many people. How would a lower league footballer who played 2 seasons for Hereford United get a coaching job in Saudia Arabia? How would they know who he is? That is an MI6 job. Then ends up at the BBC and The Green Party and then selling out world tours 'exposing the illuminati'. If you understand how the system works then you know exactly what David is and why - if you don't, you've been reading too much David Icke...

We're going to take a look now at how the androgyne and the freemason are linked in real terms in the world today and the first example we'll be looking at is David and his 'sons' who seem to have joined the franchise full-time since the 'Covid' hoax started - nothing like taking advantage of an opportunity, eh?

David has been a well-known transgender in the truth community for a long time - not to me (I only found out about EGIs last year) - and we can clearly see why. The picture above shows David and his sons with very narrow, sloping shoulders and narrow female skulls. If we look at the illustration and compare it to the Ickes' skulls, then we can clearly identify them as being female.

David has a female skull

We can see again that David has the skull and shoulders of a female and we can also see the female shoulder to hips ratio. Of all the many markers that identify gender, the most accurate is that of the pelvis which is 100%. This is how they identify the gender of human remains, such is its accuracy.

We can also see that David's first wife, Linda, is a male and so is his ex-mistress and 'daughter'. They all have very distinct Adam's apples. David is part of an EGI family, as are all of these people in the public eye, including the ones controlling these freemasonic 'protest' groups.

Before we look at his 'son' Gareth's EGI credentials, let's first look at a series of photos that he has posed for that contain very, very overt freemasonic and Luciferian symbolism. Firstly, we can see above that Gareth is showing us that he is an initiated freemason by putting the noose around his neck which is part of freemasonic initiation ritual.

For the Secret Master degree, the candidate places two fingers to his lip and is told that his obligation "enjoins secrecy." (*Richardson's Monitor of Freemasonry*, p. 133)

The fifth degree in the York Rite requires this Due-guard be given (thumb of the right hand to mouth) and a sworn oath that the candidate will never disclose "the secrets of a brother." (*Duncan's Masonic Ritual and Monitor*, 3d ed., p. 189)

In the Royal Master's degree, in the Due-guard, placing the forefinger to the lip tells one's companion to keep silent. (*Richardson's Monitor of Freemasonry*, p. 81)

Gareth is pictured making the freemasonic 'shh' sign that tells us that he won't reveal their secrets - just the sort of person you want leading the fight against a freemasonic 'global' coup.

Gareth is pictured with the freemasonic black and white squares behind him for duality - they represent the enlightened (him) and the uninitiated (us). He is also seen covering his mouth to signify his silence.

Gareth is seen doing the eye of Horus symbolism which he claims was him scratching his eye - I don't think so. It doesn't look a very natural way to scratch your eye to me. Just more freemasonic mockery.

Here Gareth is mocking Christ on the cross, another freemasonic pose. Another 'band shot'.

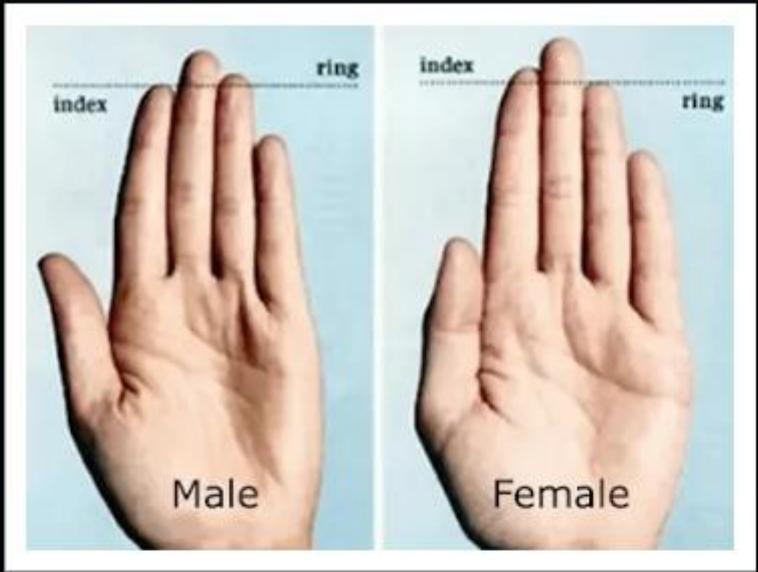

Here we can see Gareth with clear 'Black Eye Club' symbolism. Gareth wants us to believe that David Icke's son, if David was legit and not a freemason, would be able to do all of this without any attention at all and David wouldn't be having words? We can see above that there are multiple skeletal markers that tell us Gareth is a biological female, most notably the pelvis. If you understand the link between freemasonry and the androgyne and you understand the differences between a male and female skeleton, then this is very apparent. It is especially evident from Bev's transvestigation that clearly states why Gareth and 'his wife' are an EGI couple and I have added a few more just to illustrate the point further.

I have confronted Gareth about this and other topics on numerous occasions but, barring a Twitter row in September when he got cocky until I mentioned the EGI stuff, nothing. Then his tone changed from cocky, trustfund baby 'Daddy's 'Boy' to angry transgender freemason who has been found out. Since then, he has refused to engage with me on Twitter or Gab - he can't even answer what is his opinion on whether viruses or contagions exist and whether he opposes all vaccines because he is a controlled agent, 100% Even has a blue tick on Twitter and for what? This becomes further evident when we look at these pictures and the wedding picture is telling because these families stick together - "Where there is one, there are many", to quote Bev. If you read about why these androgynes exist and why they are linked to freemasonry, and if you carefully read and watch the sources about why this is real then you will know exactly what the Ickes are and why. If you choose to take the blue pill and stay in ignorance, then that is your choice but don't mock what you refuse to understand.

CORBYN BROTHERS JEREMY & PIERS GREW UP IN YEW TREE MANOR..

..IN SHROPSHIRE, A 17TH-CENTURY COUNTRY HOUSE WHICH WAS ONCE PART OF THE DUKE OF SUTHERLAND'S LILLESHELL ESTATE, VERY SIMILAR TO THE HILLSIDE IN HUYTON ONCE BEING PART OF LORD DERBY'S ESTATE!

Jeremy is clearly a freemason. We can tell by the handshake. And you think Piers isn't one too?

The second establishment family I'd like to mention are the Corbys, Piers in particular. I've written about Piers before [here](#) and he was recently interviewed by Sean Argyle regarding my allegations of him being a freemason which we'll get onto shortly but, firstly, how is Piers Corbyn anti-establishment? He grew up in an estate that is most definitely not a council estate and he went to ICL. He is pictured above meeting Liz Windsor and we are supposed to believe that he is opposing her agenda? On that note, Piers claimed in said interview that he has been watched by the police since 1968 so why is he meeting the monarch a year later? His brother was leader of the opposition and a freemason and you think Piers isn't a freemason too? You think they grew up in different circles?

Corbyn was a housing and squatters' rights activist in the north Paddington area of Westminster in the mid-1970s. In 1974, he fought for a seat on the council as a Squatters and Tenants candidate; in 1978, he and a colleague fought as Decent Housing candidates.^[12] In the 1977 GLC election he was the International Marxist Group candidate for Lambeth Central.^[13] He and some of the squatters in Elgin Avenue were, as a result of their campaign which included the building of barricades against eviction, rehoused by the GLC in 1975 spread out between Westminster and in other London boroughs to discourage the risk of further union action. He later moved from that rehousing in Rust Square to the Alvey Estate in Southwark where he became a leader of the tenants association.^[citation needed]

This illustration comes from *Richardson's Monitor of Freemasonry* (p. 93) and demonstrates the clenched-fist sign which is learned by the initiate of the Secret Monitor Degree.

We can also see that, like his brother, Piers is fond of the Marxism so, again, why would a self-confessed Marxist be opposing Agenda 2030? They're on the exact same page. He even quotes The Communist Manifesto in his tweets. We've also seen the link between freemasonry and Communism in a previous blog so it's no surprise that freemason Piers Corbyn is also a Marxist, completely on board ideologically with Agenda 2030. He is also running for London Mayor and people should know that this means he is 100% controlled and backed by the establishment.

After one of his many fake arrests, Piers made an announcement about his alleged '23 hours and 53 minutes' detention at his old friend's pleasure. He did this at 17:37 and he was that specific in describing the duration of his supposed time in a cell in order to use gematria to code his tweets with 33s and 666s - because he is a freemason. There is no other reason he would do this. He also tweeted twice whilst supposedly in custody and there was a staged video of a police officer approaching him earlier that day showing hidden hand symbolism which I highlighted on the day. Piers also lied in his interview with Sean Argyle - he stated that someone else tweeted the gematria when the tweet clearly says "I'm out..."

There is also the freemasonic handsigns and the fact that he left £3,300 of donations in the kitty to be returned to donors - freemasonic as you can get - after, according to a founder member of Stand Up, stealing £100,000 of donations that were meant to be used for people who got arrested at demos. The person in question has stated that Corbyn did not use this money for arrests and that after being challenged several times, he pulled this stunt and left to form his own group, Stop New Normal. He has made a career out of asking for money to deceive people with false hope - the wolf in sheep's clothing of The Fabian Society isn't ironic.

I was mocked on some shill podcast by Mark Windows, a friend of Piers and, judging by his obsession with purple on his website and all the freemasonic imagery he uses, a fellow widow's son. Windows claimed that I offer no evidence of people being freemasons and being transgender when I have provided plenty. I also provided Mark with these pictures of Piers below via his website and twice via Twitter and he didn't respond because he knows exactly what 'he' is.

It is very clear from the evidence provided above that Piers Corbyn is a FTM EGI transgender. The pelvis is 100% on its own, which is why he always wears that big dirty coat in all weathers, something that Windows was trying to use to mock me on his gatekeeping podcast. He wears it because it hides his female hips and because it has padded shoulders. Piers has a female shoulder-hip ratio, a female digit ratio, a tiny neck, a female skull (forehead/jaw etc) and a female q angle. I have spoken about Coleman's freemasonry before [here](#) and also about how he wouldn't be published in the MSM if he were not controlled before, and we can also see above that he has a female skull with the flat forehead and sloped jaw. We can also see his sloped shoulders when he isn't holding his props in his chair to make them seem masculine. The same is true of Kary Mullis who, like Coleman, is controlled opposition and a freemason. They simply would not have the profiles they have if they were not. People need to start waking up to this because they are being duped by obvious opposition. How would Kary Mullis win a Nobel Prize if not controlled? People say they know how this system works but are blinded by the need for heroes - there are none.

Kate Shemirani Update 13th feb 2021

Censorship.

whatever we will use the devil's tools to win

We can see Kate Shemirani showing us where her loyalty lies in multiple ways. We see the 666s and the Baphomet sign and we can see her mentioning using the 'devil's tools'. This is a very common theme among these deceivers because they are freemasons and therefore Luciferians.

Son, 21, of shamed anti-vaxxer nurse Kate Shemirani who sparked violent clashes at mass rally of Covid-19 deniers says they'll 'never have a relationship again' and she's 'an attention-seeker who is too far gone to be helped'

- Sebastian Shemirani, 21, is in final year studying at London School of Economics
- Is son of mother-of-four conspiracy theorist Kate Shemirani, 54, of East Sussex
- Said he won't have a relationship with his mother again after leaving home at 17
- Branded her 'self-interested' and 'dangerous' and highlighted far-right followers
- Eton scholar said childhood was hell as exposed to scary conspiracy theories

Literally a week or 2 after Kate was outed by @Bevvie112's transvestigation pics, shown here, a mysterious 'son' crawled out of the woodwork...

This is an MTF TG hiding his neck

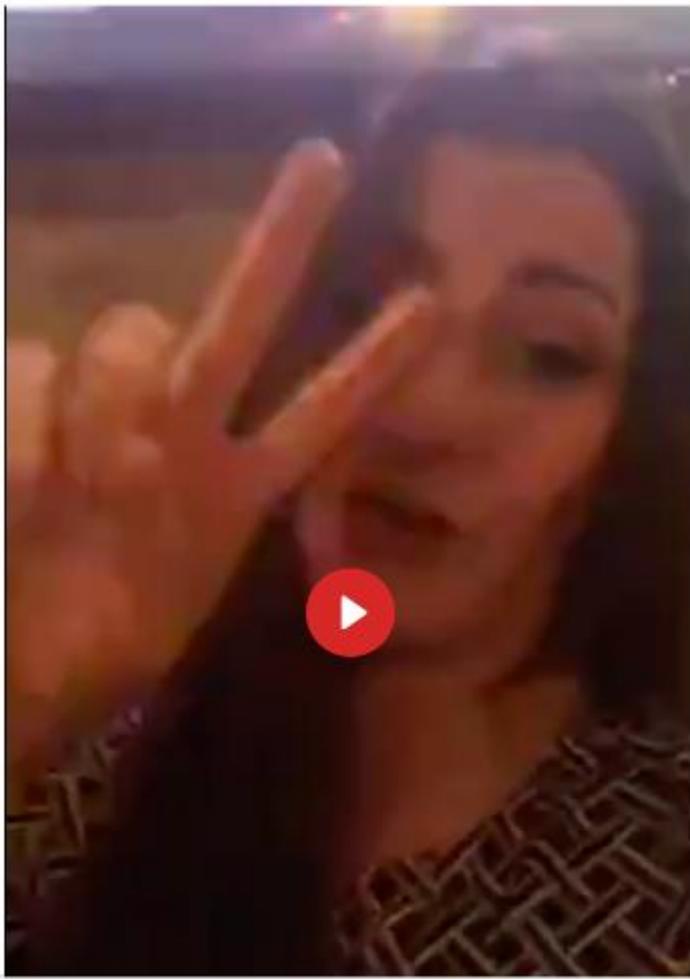

Widely-spaced facial features=

MALE

We can also see that 'she' is an EGI, one of the most obvious ones, and that she has the MSM coverage that only controlled opposition gets. After Bevvie outed Kate on Twitter, a week or so later a supposed 'son' rocks up in the MSM to slag her off and to make the idea of her being transgender laughable - but what's laughable is how people cannot see through these obvious deceptions.

Fiona Rose-Diamond is someone I've mentioned before and has fingers in many pies and I won't name them to give them the publicity. She organises events and controls groups to manipulate the narrative and control the people who follow them. We can see from the above pictures that she is a freemason.

We can also see that Fiona is a biological male and has various markers. Freemasonry and the androgyne go hand in hand.

Her dad would also appear to be a freemason and also has various markers that suggest he may be EGI too - which he would be because Fiona is.

These are the sort of thing that Fiona posts on her Facebook page and people don't cotton on to what she is about. She even tells you with that Devil card. The gematria in her fake names is just laughable too.

Laurence has a female skull and has narrow, sloping shoulders in line with the hips.

Aron has a curved back, a narrow skull, wide hips in line with the shoulders and has a page on Facebook with his tattoos that is like an A-Z of occult symbolism. The front of his shop is also full of freemasonic symbolism, and he even wears coded clothes for photo ops. Freemasonry is all about deceit.

Very narrow female skull

Standard Baphomet sign

Then we have Wes Garner, a ground level grunt who infiltrates groups for Stand Up X and who has a number of scams in play as they all do. You really won't find a more obvious FTM and this just shows how deeply the EGI cult is embedded in our society.

RIGHT SAID FRED

To summarise, the reason that those who practice real freemasonry are transgender is because they worship androgynous gods and they believe that, by transitioning, they are becoming godlike and transcending humanity. If we understand that freemasons control everything and we understand the link between freemasonry and the androgynous then we must surely understand that these freemasons are androgynous, particularly when we can see the skeletal markers too.

These signs and symbols are not coincidences - they are not saying 'peace' or 'OK' or any of the other really stupid excuses that people make for them because they cannot accept that their false idols are freemasonic deceivers and transgender.

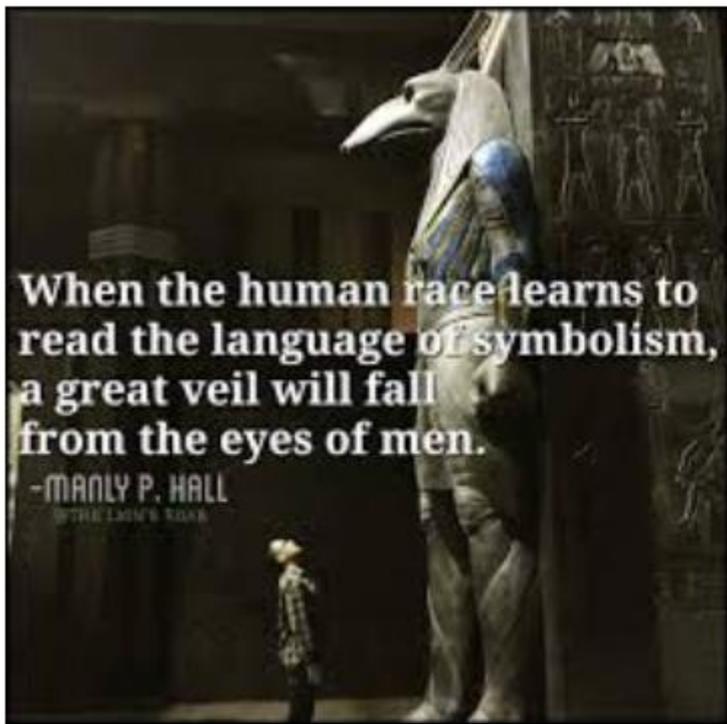

Look close at this item from *Time* magazine (April 4, 2005) and you'll see actor Leonard Nimoy, *Star Trek* icon who thrilled sci-fi fans as a Vulcan who regularly gave the cabalistic "Shin" sign with his hand. Here Nimoy is presenting the Master's duegard sign.

Interestingly, the text of the article from *Time* reveals that Nimoy, whose hobby is photography, is exhibiting his photographs of very large women at a New York City art gallery. The photography of obese women are also found in Nimoy's book, entitled *Shekina*. The word shekina in Hebrew is feminine for "Holy Spirit."

You can learn all of the signs, symbols and their meanings [here](#)

When the human race learns to read the language of symbolism, a great veil will fall from the eyes of men.

- MANLY P. HALL
IN THE LION'S ROAD

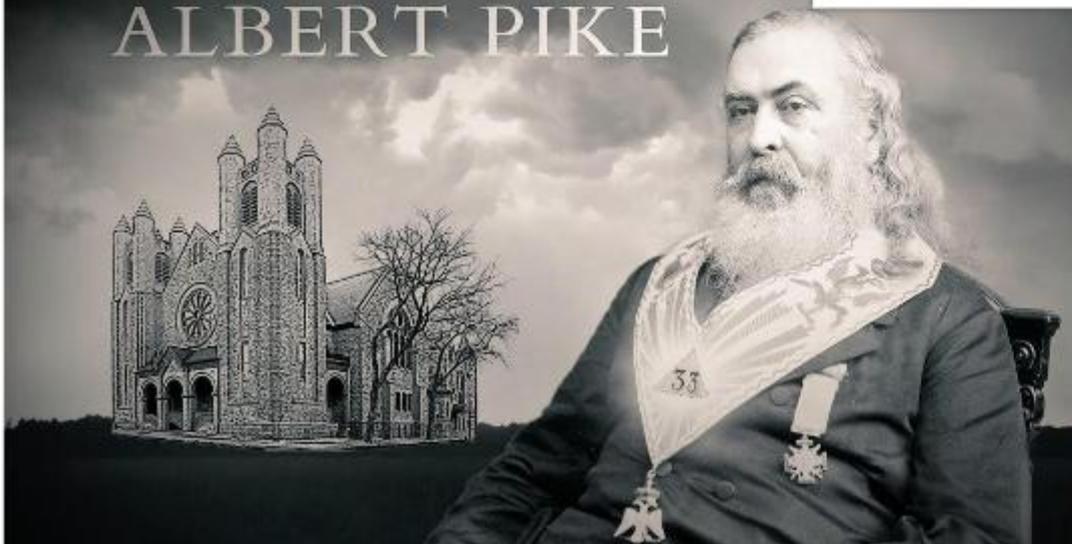

"Masonry, like all the Religious Mysteries,... conceals its secrets except the Adepts and Sages. It uses false explanations and false symbols to mislead the ignorant, only to be misled ..."

"The Blue Degrees are but the portico of the Temple. Partly displayed there to the Initiates, but intentionally misled by false explanations, it is not intended that he shall understand them. Their true meaning is reserved for the Adepts, the Masters of Masonry." - (pp. 104-105)

General Albert Pike wrote Dogma of the Ancient and

"Whenever the people need a hero we shall supply him"

ALBERT PIKE

These people literally tell you what they are and how they operate and most people don't listen - or see.

I have explained this subject several times now and provided many links to support my claims. I would like to thank [Bevie](#) and [Jei](#) for their transvestigations.

I don't know when I will be doing the next blog or what it will be about, although I have a couple of ideas.

There will probably more of these types of blogs at various points in the future, such is the sheer number of these abominations working to deceive us.

Until then...

Yes!!! Something about these "masonic covid influencers" never sat right with me, then i found this blog and now don't feel crazy anymore and it all makes sense. Those who worship these masonic freedom fighters are no better than the

people they're supposedly fighting against, i thought i was awake until i read this blog. Thankyou! You can see there is so much work and effort that goes into your blogs which are "pure truth" keep up the good work and may the blood of Jesus be against them all!

Trust God alone. The Jesuit Freemasons control just about everything today, but they will never have the mind of Gods elect, turn to Lord Jesus He gave himself for you Donna. Trust God not man. They want to instil fear, all skills are Satanic.

Ashley, all he does is discredit himself by using you as an example. This page is pure paranoia and reaching to a degree almost unparalleled. I'm a seasoned conspiracy theorist and this page is what causes people to disbelieve us. This man is a shill, if ever there was one. This isn't a truth seeker — this is just someone who wants to be right. Or someone who is actively trying to make genuine truth seekers look bad. Never seen anything like it. Absolute nonsense.

The only melt Paul is you, you run a page about truth but lie to your audience, how does that work then, you do t know me, never met me or spoke to me but one picture you find is enough proof for you I'm part of it you really are as thick as you sound.

Paul, Yet another great blog! I can relate to, and agree with everything you say. I live in a small village on the East coast and I honestly do not know of anyone in my village who is fully awake to what as unfolded in the last year or so. Indeed

during this time I myself have only just fully understood the reality that we live in. I am approaching my 64th year on Gods Earth (flat btw), and something from deep within inside myself has made it my mission to alert people to what sort of world they really live in with each day that passes. It is extremely difficult to try and get folks to see life from a different perspective and the reactions to my suggestions have been somewhat hostile to say the least. But thanks to people like Bevvie, Jeimes D, and yourself, along with the many other people I have come to know as my twitter family, I have the inspiration to continue with my quest, even if it means just planting little seeds where and whenever possible. You are never too old to learn, (as they say). Please continue with the good work Paul, you really are an Inspiration! Peace and Respect Brother!

Another brilliant blog Paul. Thanks for opening our eyes further and for filling in the gaps of “why” much of the “agenda” is happening and not just the “what”. I like others fell for the con tricks of the grifter controlled opposition. There are indeed many layers to this. I will continue to expose them with articles such as this. Cheers.
