

GLOBALIZATION OF STATE'S TERRORISM

GLOBAL COUP ATTEMPTED BY AMERICAN IMPERIALISM

**The first question to ask when a terrorist attack occurs in any country is :
« Is the government of this country behind the attack ? »**

THE BURNING OF THE REICHTAG !

An other and better translation (by NOT BORED!) of
the first part of this text is here :

To fight the activists opposing the globalization
of American Imperialism, CIA has just employed a very
specific method :

American Imperialism commandited the recent
terrorist attacks in USA !

They had to strike with spectacular acts to strike
the minds with force. The whole world has to mourn for
poor America !

In that way, American Imperialism, spurned so
far by the whole world, wants to become a victim.
Instead of saying « we are all Indians, Blacks, Latinos,
Vietnames, Palestinians, etc. », every one says : « we
are all Americans ! »

So, American Imperialism wants to justify, by " the necessity of a war against terrorism ", a global coup to become brutally the Planet's absolute dictator. And the official moral philosophy, particularly the " strike between Good and Evil ", with whom hypnotic TV is stuffing our heads actually, wants to transform us into *collaborator* !

It is not a terrorist " Pearl Harbour ", but a large scaled Burning of the Reichstag, with far less scruples than Hitler's and Goebbels's. After to have commandited the Burning of the Reichstag, *with no victim*, Hitler and Goebbels accused the communists, who, on that account, initiated the first concentration camps. Hitler took advantage of the Burning of the Reichstag to obtain the absolute power in Germany. Now, it is the same will, but on a whole planet's scale !

THE AIM OF AMERICAN IMPERIALISM, BY COMMANDITING THESE TERRORIST ATTACKS, IS TO OBTAIN QUICKLY THE ABSOLUTE POWER ON THE WHOLE PLANET !

Here is the actual version, in french only for the moment, of my [newspaper N°59](#) on these unhappy events.

* You may read also the intervention [298](#) (french only) of the General Assembly (AG) of this web site.

* If you want to see how the misfortunes of someones bring, on tuesday, the goodfortunes of someothers, read the intervention [299](#) (french) of the AG

* In order to see that terrorism commandited by US government is not a groundless assumption, you can read the intervention [300](#) (english) of the AG. Or click : <http://www.baltimoresun.com/baltimore.mdnasa24apr24.story>.

you will see that WASHINGTON - U.S. military leaders proposed in 1962 a secret plan to commit

terrorist acts against Americans and blame Cuba to create a pretext for invasion and the ouster of Communist leader Fidel Castro, according to a new book about the National Security Agency.

* In Le Monde Diplomatique, there is this Page : [Tainted evidence of Libyan terrorism](#) (english)

* Or go and watch Oliver Stone's film " JFK ", you'll find a thousand proofs about how Kennedy was shot by the FBI.

POST SCRIPTUM : 1- the only way to fight the present attempt of a global coup by American Imperialism is to proclaim the truth everywhere...

2- Some people tells me that there is a time for analysis and a time for the victims. It is not that I don't want to cry, but during the mourning time, the US leaders advance a pawn to prepare their coup. When the mourning will be over, in some days or in some weeks, depending TV decisions or, when it will suit the US true chiefs, it will be too late to react. We have no time for crying, we have to react quickly, very quickly, and at first, we have to proclaim the truth :

**PROCLAIMING THE TRUTH EVERYWHERE IS
EXTREME U R G E N C Y !**
