### [Quote](#)

[vid] [Caravan To Midnight - Episode 269 David McGowan Talks Boston Marathon](#) "Just nine weeks ago, on April 14, I presented a lengthy video deconstruction of the 2013 Boston Marathon incident through the Caravan to Midnight radio show/podcast. About a week later (on April 20, of all days), the nearly four-hour video presentation was uploaded to YouTube. Not long after that, someone using the username Phoenix Archangel posted an interesting comment: "John [Wells, the host of the show] always signs off with some of the best advice ever. Speaking of advice: this David McGowan fella really ought to quit smoking. With all the elitist feathers he's ruffling, he's likely to come down with a spontaneous case of hitherto undiagnosed stage 4 inoperable Pancreatic cancer."

If you haven't watched the video yet, by the way, you really need to do so: [https://www.youtube.com/watch?v=mzgON\\_5sg4Q](https://www.youtube.com/watch?v=mzgON_5sg4Q). And have all your friends and family members watch it as well. It's a little on the long side and could use some serious editing, but it does succeed in completely laying waste to the official story of what happened in Boston on April 15, 2013. As for Mr./Ms Archangel, he/she wasn't too far off, though I've been told that it's actually incurable small-cell lung cancer that has already spread to my liver and bones." ~ [Dave McGowan](#)  
Update: After a courageous and painful six-month battle, Dave passed away on November 22, 2015, at his home in Eagle Rock. <http://centerforaninformedamerica.com/a-very-personal-message-from-dave/>

Is it really mere coincidence that the very acts that child survivors of ritual abuse all across the country claim to have witnessed and participated in - cannibalism, bestiality, pedophilia, torture, mutilation, dismemberment, etc. - are the same depraved acts that are the stock-in-trade of America's serial killers? -----[Henry - Portrait of an MK-ULTRA Assassin?](#) by Dave McGowan

### Books

[Programmed to Kill](#), my latest offering, takes the reader on a dark and troubling journey over some rough, and likely unfamiliar, terrain. Just as *Understanding the F-Word* was an alternative look at twentieth-century American political history, *Programmed to Kill* is an alternative look at violent crime in twentieth-century America. This may seem, at first glance, like a radical departure from my previous books -- until one realizes that in this modern world that we inhabit, there is no discernible difference between crime and politics. If you aren't yet convinced of that, you might be after you finish reading this book.

*Programmed to Kill: The Politics of Serial Murder* by Dave McGowan - is available in an Adobe e-book format for the low, low price of just \$6.00. You can get it here: [http://www.iuniverse.com/bookstore/book\\_detail.asp?isbn=0-595-77446-6](http://www.iuniverse.com/bookstore/book_detail.asp?isbn=0-595-77446-6).
