Wow, great interview. However, am I to take it that Simon Shack, in both your views is disinformation, or that he did the best with the videos he could, and just disagrees with Rosalle, or made mistakes with some of the evidence? Best always to Jim and thanks to Rosalee soo much.

We may not share the same opinion, but I find it very difficult to not believe that Simon Shack is sincere. No one makes "no mistakes" in this business, where unpacking what happened is tricky stuff. So I don't regard his work as disinformation, though I gather some may disagree.
